To: Lucy Thiry <LucyThiry@northamericanpet.com>

Hi Lucy,

Attached is a scan of the list of registered principals in the expired Utah business license. If these aren't the current principals, you will need to both renew and update your registration with the Utah Division of Corporations and Commercial Code (<https://secure.utah.gov/bes/action>). Let me know if you have questions.

One practical reason to keep this current is to facilitate the return of reclamation surety when reclamation is complete. Thanks.

Peter
